September 11, 2022  
Unsealing election vote motion

September 11, 2022

8:45 am -

Communication: email

Topic: Unsealing of election vote

It was the advice of our attorney to only disclose the two winners of the prior election. Based on feedback we have received from the community, it is suggested that we unseal the election results from October 2021.

Ken Lorenz motioned that we ask a teller from the previous election to break the seal of the envelope and for those full results to be shared with the community. Once shared, the envelope should be resealed and returned to Michelle Macy.

Motion second by Jen Tolbert at 8:47 am via email

John Willis and Daryl Brown both approved on September 11

Passed unanimously.
